---	-------------------

Due to some of the activities that students participate in throughout the year, we would also recommend getting these items. Check out op shops, look for sales, perhaps as Christmas or birthday presents ...

- a pair of water / reef shoes (sailing, canoeing)
- thermal underwear tops (Quest)
- and a wet suit (surfing, sailing, canoeing)

Notes:

* Please don't buy the 'pocket' calculators, as they just don't last. Fairly good desktop calculators can be bought for less than \$10

** Good quality pencils (such as Faber Castell) last much longer, so end up being much better value than cheap pencils which break easily and have to be replaced.

Asking parents to buy some items for general school use helps us keep our fees as low as possible. Thank you for your support.
